Since the mid-2007s I have been associated with the supply and distribution of high quality architectural hardware, moving into specialist field of pull handles and aldrops in 2010.

A family firm, The company have reputation for innovation in design style, high performance and exceptional quality is a result of working with leading architects and contractors. The feedback we receive from all our customers has determined the way we develop our product ranges.

Pull Handles and Aldrops are increasingly becoming a more important feature in commercial buildings, especially as design legislation standards become ever more progressive. Therefore our products must not only look good, but function reliably for many years. All our products are manufactured under a quality management system, to the highest engineering standards.

The company has a proven track record of supplying quality products and services to the INDIA construction industry for over 10 years. The relationships we have built with our customers, suppliers and communities form a firm foundation on which our business has grown and succeeded.

We are continually bringing new and innovative products to market. Consequently, it is always worthwhile talking to us if you are not able to find a product that meets your requirements. By working together with me, you will have access to a whole network of specialist knowledge and product excellence.
